

Technical requirements

Technical requirements include:

- * 2 Electrical Outlets
- * Microphone (boom) Stand
- * XLR input
- * 1/4 Inch Input
- * Speaker Stand
- * Keyboard Stand

Set up

Additional Information (My equipment)

- * Connecting a guitar clip and pedal holders to the speaker stand
- * Pedals include; (On stand) mixer & Korg Electribe, (ground) Voice Live 3
- * Microphone is a Sure Beat 87A

Notes

- * I work with a loop pedal. Sound is best when no external speakers are pointed at my guitar or microphone as it cause the sound to be picked up in the loops.
- * Sounds technicians should know that my microspheres and drum sounds come through a single channel (the XLR) this cannot be changed.
